Voice of the Patient

Positive

OR (Dr. Gabrielsen) - Love this doctor & hospital. Trust them completely.

ER - They were right on it everyone was I give them a 100%.Everybody was wonderful they were on it.They were nice they were courteous and they checked me for everything. I wasn't in their very long they got right on it they took good care of me.

Clinic (Ariel Feltner) - Always extremely welcoming and kind, but mostly what's important to me is the feeling of camaraderie hroughout the staff from reception to nurses to doctor.

Opportunities

We have gotten feedback that our patient whiteboards and our Swing Bed agenda's do not always provide the information that patients want, or the information is not clear. We have been working with our CARING Council to revise these. They have given us great feedback. We are in the final stages of making changes to pilot a new white board.
